Principal's foreword

Introduction

Queensland schools annually publish information to parents about student and school performance. This document contains important information about our school's journey in 2012. The report is available on the school website and by hard copy at the school office (by request).

To ensure that each student receives the best education possible we highly value parent participation and involvement. In 2012 this was most evident through a range of highly successful fundraising support and other parent/community participation.

This report provides evidence of student achievement in reading, writing and number as measured by NAPLAN tests.

School progress towards its goals in 2012

Longreach State School 2012 Annual Implementation Plan had 3 focus areas for school improvement:

1. QCAR+ - implementation of QLD Curriculum Assessment Reporting Framework and transition towards the implementation of the National Curriculum. Significant progress was made with the implementation of C2C for English, Maths and Science.
2. High Quality Teachers - Developing Teacher Performance to create a team of highly effective teachers. Explicit Instruction was introduced as a signature pedagogy which will form the basis of the school pedagogical framework in 2013.
3. eLearning – Enhanced ICT cross curricular student learning combined with enhanced teacher practice, infrastructure and resources. This included the introduction of iPad technology – especially for students with disabilities.

Significant progress was made toward the implementation and embedding of these strategic directions as evidenced through the 2012 internal school monitoring process and 2012 Teaching and Learning Audit and contributed to the improvement of student learning outcomes in the areas of literacy and numeracy.

Future outlook

Longreach State School Strategic Priorities for 2013 will continue to be based on the 2010 – 2012 School Plan. Our ongoing focus will be to improve literacy and numeracy across the whole school. The teaching of literacy and numeracy will be strengthened through a greater emphasis on explicit teaching practices. Strategic Priorities for 2013 are:

- QCAR+
- Implementation of the Australian Curriculum in History
 - Improvement in literacy and numeracy across all year levels
- High Quality Teachers
- Pedagogical Framework – School Wide Pedagogy
 - Pedagogy in Practice
- e-Learning
- 2013 ICT action plan

Curriculum offerings

Our distinctive curriculum offerings

Learning programs tailored to meet the developmental learning stage of early years students, middle years students, and students with disabilities.

An innovative Middle Years curriculum incorporating Technology Food and Technology Design programs delivered in purpose built facilities.

Individual student progress is tracked against a range of standardised tests for reading and spelling, as well as NAPLAN achievement data.

A Middle Years (4-7) camping program supports the personal growth and independence of students.

A Year 7 student leadership program builds civic awareness and develops skills for ongoing future community leadership.

A Lunchtime Activities program and Principal Afternoon Tea program support the positive behaviour management and relationship building of students and staff.

Extra curricula activities

Extra curricula programs for cultural and sporting areas provide a range of pathways to support individual gifted and talented students as well as developing the skills of all participating students. These include:

Middle Years Sports Development program

Instrumental Music program with access to school and Central West Concert Bands

Participation in district competitions for Poetry and Art

Middle Years Interest Groups(eg Sport, Art/Craft, Chess Club)

How Information and Communication Technologies are used to assist learning

Information and Communication Technologies are used by teachers as a tool to assist learning in the classroom. A range of teaching and learning units utilise ICT for delivery and require students to assess a range of technologies for assessment.

Computers are located in every classroom in addition to an e-learning centre, resource centre computer lab and three (3) student computer labs.

iPads are used across the school to support differentiated learning for students with disabilities as well as for individualised and small group learning within classrooms.

Information Communication Technology program outlines the required levels of student competency for each year level.

ICTs have been extended to include an interactive whiteboard in every classroom supported by focused Professional Development to enhance teacher use for improved student learning outcomes.

Social climate

Our school focuses on each student as an individual and builds a climate of academic pursuit balanced with sporting and cultural participation according to interest and talent.

Student behaviour presents as highly self-disciplined and respectful. Bullying is addressed proactively with a whole school focus on building an understanding of bystander behaviour. Pastoral Care programs include weekly religious education classes delivered in an ecumenical format and enhanced by a weekly breakfast program conducted by a local church group with funding support from local businesses.

Student-Teacher relationships are positive and engaging. Students wear their uniforms with pride and demonstrate a strong "school spirit" culture.

Our school grounds and facilities are well maintained and inviting

Parent, student and staff satisfaction with the school

External surveys of parents indicate a high satisfaction with the behaviour of students and school discipline, that their child is safe at this school and that they are treated fairly. Parents also report very high satisfaction that they can talk with their child's teacher and that the school looks for ways to improve.

Involving parents in their child's education

The partnership with parents is regarded as a vital component of successful student learning at Longreach State School. Active parent participation in classroom and extra curricula programs supports and maintains well established school-community relationships.

Parents are involved in the following ways:

Daily home reading and homework programs

Weekly progress Reports, Semester Reports and Interviews

Daily classroom reading programs, art activities and other events

- Extra curricula programs including coach/managers of sporting teams and concert band participation
- Tuck-shop and other fundraising activities
- P&C and consultative committees as needed
- Regular attendance at school parades
- Maintenance of reading resources
- Attendance at Focused Parent information sessions

Reducing the school's environmental footprint

Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns.

As a QESSI (Qld Environmentally Sustainable School Initiative) school focused curriculum learning activities have been incorporated into classroom teaching programs with a focus on water, energy, waste and biodiversity. Increased electricity usage between 2010 and 2012 is indicative of increased costs associated with the change of air-conditioning from evaporative to refrigerative systems.

	Environmental footprint indicators	
	Electricity kWh	Water kL
2009-2010	127,342	14,354
2010-2011	176,083	19,483

Expenditure on and teacher participation in professional development

The total funds expended on teacher professional development in 2012 were \$20 064.81.

The major professional development initiatives are as follows:

- Pedagogical Licence
- Guidance and support service workshops
- Explicit Instruction – pedagogical enhancement
- OneSchool Training – for use for curriculum and reporting
- First Aide training and certification

The proportion of the teaching staff involved in professional development activities during 2012 was 100%.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

Class rolls are marked at the beginning of morning session and afternoon session. When a student is absent for 3 days without explanation, a letter is sent to parents. From 2012, a letter is included in school reports for students with 10 days or more absent in the semester.

National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7.

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, and 7 are available via the My School website at <http://www.myschool.edu.au/>.

NAPLAN data from 2008-2012 shows that students in year 3 and year 7 Upper 2 Bands of achievement are trending upwards across reading, writing, spelling, grammar and punctuation, and numeracy.
